Warning!
Unable to confirm an exact location for this address; please confirm all Address fields are correct, and verify map

2 Click "Locate"

3 Drag Map To Find Location

4 When Location Found Click "Place new pin"

The screenshot shows a real estate software interface. At the top, there are navigation links: CORDS | DOCS | LINKS | FINANCE | ADD/EDIT | MARKET REPORTS. On the right, there is a user profile for 'Hello, Amber'. The main area is divided into a map on the left and a 'Locate Address' dialog box on the right. The map shows a street named 'Stringer Weeks Rd' and 'Lee Rd 933'. The dialog box has a 'Jump to' field, a 'Locate Address' section with input fields for Street Address (450 Stringer Weeks Road), City (Smiths Station), State (Alabama), and Zip (36877). Below these fields are 'Locate', 'Reset', and 'Place new pin' buttons. A 'Selection Tips' section provides instructions on how to use the blue pin. At the bottom of the dialog are 'Cancel' and 'Done' buttons. Below the map, there are dropdown menus for '36877', 'none', and 'Auto-Fill Subdivision'. At the very bottom, there are dropdown menus for 'Middle School' and 'High School'.

5 Click On Location To Set Pin

The screenshot shows the same real estate software interface as in step 4. The 'Locate Address' dialog box is now closed, and the 'Location Information' panel is open. This panel contains a small map with a blue pin, and input fields for 'Street #' (450), 'Country*' (United States), and 'City*' (Smiths Station). Below these fields are dropdown menus for '36877', 'none', and 'Auto-Fill Subdivision'. At the bottom, there are dropdown menus for 'Elementary School', 'Middle School', and 'High School'. A 'Warning!' message is displayed in a red box: 'Unable to confirm an exact location for this address; please confirm all Address fields are correct...and verify man...'. The 'Map' dialog box is still visible in the background, showing the same map and dialog content as in step 4.

6

If Satisfied With Pin Location, Click "Done"

The screenshot displays a web interface for locating an address. On the left, a map shows a location on Stringer Weeks Rd. A popup window provides property details for 'STRINGER WEEKS RD SMITHS STATION', including owner information (JOHNSON CLYDE, JOHNSON FRAZZIE L), land use (0.90 Acres), and a last sold date (05/07/1958). A 'Tax' icon is also visible. To the right, the 'Locate Address' form contains the following fields: Street Address (450 Stringer Weeks Road), City (Smiths Station), State (Alabam), and Zip (36877). Below the form are buttons for 'Locate', 'Reset', and 'Place new pin'. A 'Selection Tips' section explains that a blue pin can be dragged to fine-tune its position. At the bottom of the popup, a red circle highlights the 'Done' button, with a line pointing to the 'Done' button in the main interface below. The main interface includes a search bar with '36877' entered, a dropdown for 'Middle School', and a dropdown for 'High School'. The Windows taskbar at the bottom shows various application icons and the system clock indicating 12:40 PM on 6/30/2025.
